

ARSHATH AHAMED I

FULL-STACK DEVELOPER

+91-9363498795

arshath2303@gmail.com

Puducherry -605110, India

PROFESSIONAL SUMMARY

I am an enthusiastic and detail-oriented **Full Stack Developer** with hands-on experience in building web applications using **Java** and the **MERN stack (MongoDB, Express.js, React.js, Node.js)**. Skilled in developing responsive user interfaces, managing databases, and writing clean, efficient code to deliver smooth user experiences. Proficient in **Java, SQL, JavaScript, HTML, CSS, Tailwind CSS**, and **MongoDB**, with a strong foundation in **problem-solving** and **debugging**. Passionate about learning new technologies, contributing to innovative projects, and growing as a developer in a collaborative and fast-paced environment.

SKILLS

Languages & DB

Java JavaScript HTML5
CSS3 SQL MongoDB

Libraries & Framework

NodeJS ReactJS
ExpressJS Tailwind CSS
RESTful APIs.

Tools

Postman Git GitHub
VS Code

Soft Skill & Key Concepts

ProblemSolving Debugging

EDUCATION

B.Tech CSE | CGPA: 8.5

Acharya College of Engineering
Technology – Puducherry
Jun 2024 – Aug 2024

Senior Secondary (XII)

Raak International Higher
Secondary School – Puducherry
June 2020 – May 2021

INTERNSHIP

Jun 2024 – Aug 2024

MERN Stack Developer Intern

Main Flow Services – Remote

- Developed and maintained web applications using the MERN stack.
- Enhanced the application by key features and ensuring responsive design. Integrated Google Analytics for tracking user behaviour.
- Utilized Redis for efficient data management and caching.

Feb 2024 – Mar 2024

Web Developer Intern

Techno Hacks Edu Tech – Remote

- I developed and deployed web-based applications including a calculator, currency converter, and a responsive landing page using HTML, CSS, and JavaScript.
- Additionally, I designed and implemented a personal portfolio website, leveraging modern front-end frameworks like React to enhance user interaction and ensure a seamless, responsive experience.

PROJECTS

Jul 2025 – Present

E-Commerce Website (Green Cart)

- **Scalable and Secure:**
Designed the platform to handle high traffic loads with scalability in mind, ensuring robust security measures to protect user data and transactions.
- **Enhanced User Experience:**
Focused on a seamless browsing experience with intuitive navigation, making it easy for customers to find and purchase products quickly and efficiently. Additionally, optimized the site's mobile responsiveness for a smooth experience across all devices.

CERTIFICATES

Java Programming

Udemy - present

Web Development

Main Flow Services - 2024

LANGUAGES

- English
- Tamil

Jan 2025 - Apr 2025

Appointment Booking- Web Application

- **Seamless Doctor-Patient Interaction:**

Designed and developed a user-friendly platform allowing patients to view doctor profiles, check availability, and book appointments in real-time.

- **Role-Based Access Control:**

Implemented separate interfaces for admins, doctors, and patients with secure authentication and authorization mechanisms using JWT and role-based routing.

- **Tech Stack & Integration::**

Built using MERN stack (MongoDB, Express, React, Node.js) with cloud storage for medical reports and integration of email notifications for appointment confirmations.
